

How is Scripture useful for...

- Teaching
- Rebuking
- Correcting
- Training in righteousness

How does Scripture equip us for every good work?

When was the last time you searched the Scriptures for a solution to a life problem? What was the problem? Did you find the solution? Did you do what the Word of God said?

Share a time in your life when you obeyed the word of God but it didn't turn out the way you thought it would.

Share a time in your life when you obeyed the word of God and you saw good fruit from it.
